Citizens Advisory Board

MOVING FORWARD TOGETHER

The past is our place to learn from----In the past year the Atlantic City Police Officers have worked together with the citizenship, religious groups, community leaders, and the county, while also reporting to the Attorney General office.

The CAB agrees that for a safe community, we must invest in community-based prevention programs. We welcome all partnerships that have come from the County, Stockton University, as well as other investments and investors.

Crime, gun violence as well as homeless continue to plague the streets of our communities. We encourage our political leaders, religious leaders, and community organizations, to continue their involvement with our youth in stopping the violence for safer streets.

While we appreciate all the support from the CRDA, it is unfortunate but we request more funds, for more police in such as we serve not only our community, our neighbors across the counties, and state.

We invite the community to meet us at City Hall in the Council Chambers on November 30, 2022, 4:30-6:30pm to view the Chief's presentation of where we have been and state your views on how we move forward together in 2023.

It is the CAB's yearly conclusion that the Atlantic City Police department is living up to the responsibility of public concerns in the quality of police community relations, regarding, frequency of police contact, response time, proactive police initiatives and are understanding the true meaning of Protect and Serve.

Created in 2019, due to the *Jim Johnson Report*, with the approval of Mayor, and Council the CAB meets monthly with Chief James Sarkos, who recently acquired the title and members of the Police department in its effort in making the Police department, "**AC's Finest.**"
