Citizens Advisory Board (CAB)

Where we are today-The Citizens Advisory Board (CAB) has seen numerous changes in the police during this current year as Chief James Sarkos should present his data this evening.

Although crime, gun violence as well as homeless continue to plague the streets of our communities, the Atlantic City police department continue their involvement with our youth and community leaders.

This year in its efforts to foster communication between the community and the Atlantic City Police Department the CAB began attending Ward Association meetings in order that their members ask questions and comments.

Today we are still in support of more from the CRDA by means of funds for more police and we encourage our residents to help with the perception of the City of Atlantic City by spreading the word of the good changes taking place within the Atlantic City Police department.

It is the CAB's yearly conclusion that the Atlantic City Police department is living up to the responsibly of public concerns in the quality of police community relations, regarding, frequency of police contact, response time, proactive police initiatives and are understanding the true meaning of **Protect** and **Serve**.

Created in 2018, due to the *Jim Johnson Report*, with the approval of Mayor, and Council. The Citizens Advisory Board (CAB) meets monthly with Chief James Sarkos, and members of the Police department in its effort in making the Police department, "**AC's Finest**."
