Division of Health and Human Services

The Mission of the Office of Multicultural Affairs and Services Health is to promote health equity for all and reduce health disparities. Promote the integration of different cultures and share many ideas and perspectives... An Open mind set and communication are the core benefits of The Multicultural Office that can benefit the workplace and its Residents.

We encourage open dialogue with our Residents and our Local Businesses which creates understanding, collaboration and team work among staff.

Atlantic City is a community that stands for Civility and Respect. We stand for acceptance of others and champion those who may need compassion and understanding. We are an inclusive community that respects peaceful discord and upholds a fundamental belief that all Residents of our community deserve to feel safe. Our collective mix of thoughts and experiences enrich those fundamental values that have long guided our City. As we navigate through times of change, know that the values the Multicultural Affairs and Services will set a forward motion path and provide as resources that the Residents of Atlantic City deserve.

We believe that a community-wide focus on sustainable inclusive excellence is not only imperative to fostering an inclusive environment, but also elevating the impact a culture of belonging can have on the community. Listed below are our Cities Resources, that include diversity, equity, and inclusion that serve as one of the many foundations of the Multicultural Affairs and Services.
