1.0 Introduction

The Arctic Ave Block 330 Redevelopment Area includes lots 8, 9, 14, 19 20, 21, 22, and 23 which are vacant lots that create a frontage area of 101.68' on Arctic Ave between Ohio Ave and Indiana Ave. These lots sit within the Central Business District (CBD) zoning district, located within the jurisdiction of the Casino Reinvestment and Development Authority (CRDA) and within the Midtown North Neighborhood of the City. They are on the 1800 block of Arctic Ave, which is a contiguous block to the Tanger Outlets Atlantic City (Previously known as The Walk). As a result the subject redevelopment area is quite accessible to a major mercantile hub. The subject redevelopment area is easily reached by out of town tourists as a result of its proximity to the Atlantic City Expressway. It is also easily reached by locals by the fact that it fronts on Arctic Avenue, which is a major one way artery channeling vehicular traffic directly to it from the Expressway as well as the Down Beach communities (Ventnor, Margate, Longport). The lots sit across from parking for commercial and business entities on Atlantic Ave.

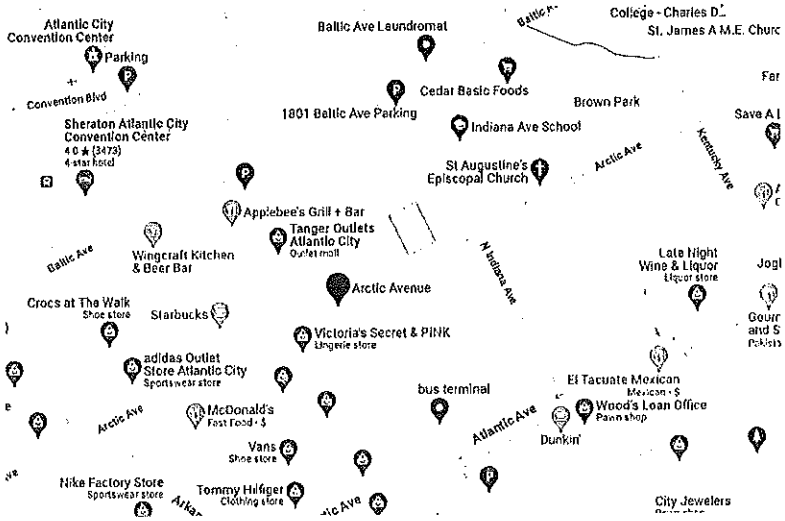

Figure 1 - Map of general area with boxed in green

Block 330 contains additional vacant land as well as residential homes. It sits diagonally across from the Starboard Enterprises NJ LLC site where the company has been approved to build Class 1 and Class 2 Cannabis Business operations with the intention of offering public tours to bring a new tourism attraction to the neighborhood. It is on the same block as an approved

Wendy's fast food restaurant, which, when constructed, will include a drive-thru at the corner of Ohio Avenue and Arctic Avenue (directly adjacent to the Tanger Outlets). It is within walking distance to many tourism attractions including the Atlantic City Convention Center, Boardwalk, beach, and casinos.

Lots 8, 9, 14, 19, 20, 21, 22, and 23 in the Arctic Ave Block 330 Redevelopment Area are currently vacant land. An Unnamed Alley touches lot 20 and exits on Indiana Ave. Lot 20 touches lots 14 and 19, and lot 21 touches lots 8 and 9 which border Garfield Place.

Additionally, as of May 2026, the redeveloper is under contract to purchase Block 330 Lot 7 and Block 330 Lot 15. Lot 7 borders lot 8 to the east, Garfield Ave to the North, and lot 22 to the south. Lot 7 will add 20' of frontage along Garfield Ave and an additional 1,000 square feet to the redevelopment area. Lot 15 borders lot 14 to the east, Indiana Ave to the west, and the unnamed alley to the south. Lot 15 will add 20' of

frontage along Indiana Ave and an additional 1,500 square feet to the redevelopment area. These lots will be used to assist with stormwater management if purchased.

1.1 Background and Authorization

The 2008 Master Plan states that the entire City of Atlantic City is an area in need of rehabilitation. The determination was made consistent with the Local Housing and Redevelopment Law. This determination authorizes the City of Atlantic City to adopt a redevelopment plan for the Redevelopment Block. The Housing Element of the plan recommends *"that all neighborhoods should offer a full range of housing choices, noting the importance of design in creating a variety of housing types to maximize market appeal and development opportunities."*

The 2016 Master Plan Re-Examination Report for the City of Atlantic City states that the City should *"provide a vibrant and diverse economic environment which will protect and enhance the long term economic and social interests of present and future residents in order to maintain and improve the City's overall quality of life."* It further defined as a strategy, that housing opportunities are increased by *"a comprehensive community and economic development initiative"* where the success of a neighborhood is sustained by a well-rounded and diverse community, including the influence of higher-income visitors to generate new market demand and pressure for higher-quality goods and services available to a cross-section of residents in the community. Some of the goals, objectives, and recommendations include:

- Encourage redevelopment on under-utilized and vacant properties throughout the City.
- Encourage the comprehensive redevelopment of large areas of vacant lands.
- Provide for adequate parking to serve established residential and commercial areas.
- Create attractive and well-served neighborhoods with a mix of housing types, to provide a high quality of life for residents.
- Promote the continued redevelopment of the Central Business District as a mixed-use pedestrian-oriented core with a concentration of commercial and residential uses in close proximity to mass transit.

The Housing section of the 2016 Master Plan Reevaluation plan further states, *"Vacation/second homes, live/work lofts, casino and healthcare workforce housing, single and duplex residential on vacant lots, and owners' and renters' apartments above stores, are recommended to diversify the housing options and costs. The encouragement and possible subsidy through land donations, tax abatements or low interest construction loans or mortgages can be considered to jump start interest in the Atlantic City housing market by households that can help to balance the economy."*

The City of Atlantic City is an area in need of rehabilitation and that determination, required under the Local Housing and Redevelopment Law, has been made. This determination authorizes the City of Atlantic City to adopt a redevelopment plan for the Redevelopment Entity.

The adoption of the Block 330 Redevelopment Plan will satisfy all the statutory requirements and meet the legal criteria for redeveloping the subject Lots 8, 9, 14, 19, 20, 21, 22, and 23, in Block 330.

1.2 Purpose and Goals

The purpose of the Block 330 Redevelopment Plan is to revitalize nearly 1/3 of Block 330 by developing a new, mixed use commercial/residential building on the vacant land that is lots 8, 9, 14, 19, 20, 21, 22, and 23. One goal of this plan is to increase residential density in the Central Business District by developing 24, two-bedroom apartment units spanning four stories on Block 330. Another goal of this plan is to increase pedestrian traffic and create a natural transition between the residential neighborhood and Tanger Outlets/The Walk by adding a ground-level commercial space with Arctic Avenue exposure to the existing pedestrian sidewalk. An additional goal is to create through creative architectural design a high quality and safe entry for the vehicular traffic onto and off the site coupled with an area for drop off at the residential lobby entry point. Finally, a goal of this plan is to provide adequate, on-site/off-street parking for the residential apartments to avoid overwhelming the existing street parking that is available for residential and commercial use.

Additional goals include the attraction of private investment, increase of real estate tax revenues, and the opportunity to provide jobs and capture disposable income through a commercial space.

1.3 Project Area Context

The Block 330 Redevelopment Area is located in the Midtown North Neighborhood of Atlantic City, within the Central Business District. It is within a federally-designated Opportunity Zone and the New Jersey Casino Redevelopment and Development Authority's Tourism District. Ohio Avenue, Arctic Avenue, Indiana Avenue, and Garfield Place bound the site. The lots in the redevelopment area are shown in green and yellow on the tax map on the next page, with lots 8, 9, 14, 19 in yellow and lots 20, 21, 22, and 23 in green. Additionally, lots 7 and 15 for which the redeveloper is under contract are shown in the tax map in brown.

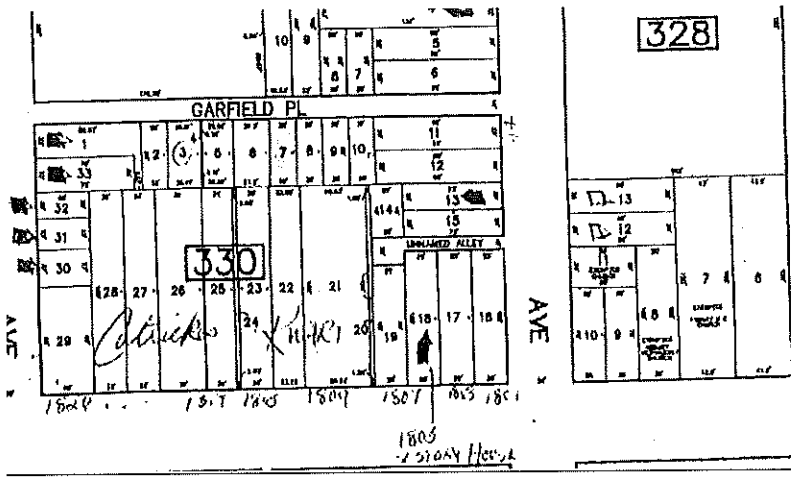

Figure 3 - Map of Block 330 with lots 8, 9, 14, 19, 20, 21, 22, and 23 in green and yellow.

1.4 Historical Overview

The 1981 Property Record Card utilized by the Tax Department indicates there was a two story single family home with an open porch located in the building located on lot 21. Another Building Record (presumably later) indicates there were 2 apartments and a beauty salon located on the same lot also known as 1809 and 1811 Arctic Avenue. An audit of the Construction Department records has indicated no record of permit activity since the current system was adopted.

The 1981 Property Record Card for 1813 Arctic Avenue utilized by the Tax Department indicates there was a first floor apartment with 6 unit rooming house on the second floor of the building located on lot 22. There were notes in the memorandum section of the form that stated the building had been vacant for 24 +/- years and that it was scheduled for demolition back in 1981. An audit of the Construction Department records has indicated no record of permit activity since the current system was adopted.

The 1981 Property Record Card for 1815 Arctic Avenue utilized by the Tax Department indicates there was a 3-apartment unit located in the building on lot 23. The basement had a 3-bedroom unit, the first floor had a 3-bedroom unit, and the second floor unit had a 4-bedroom unit. An audit of the Construction Department records has indicated various maintenance and capital improvement permits have been issued from 1998 to 2004. The audit also indicated the building was demolished around 2010 to 2011 due to storm damage in 2010. The site has remained vacant since that time.

- Include security cameras integrated into the Atlantic City Police Department's technology to increase on site and off site safety.
- Comply with all required building codes as well as the Atlantic City Flood Ordinance Chapter 132 Flood Damage Prevention.

The following characteristics support the proposed redevelopment plan:

- The location is ideal for commuter traffic with easy access to the Atlantic City Expressway and within walking distance to both the NJ Transit Bus Terminal and NJ Transit Atlantic City Rail Line at the Atlantic City Convention Center.
- The location is close to the Atlantic City Tanger Outlets (The Walk), Atlantic City Convention Center, the Atlantic City boardwalk and beach, multiple casinos, and new tourist attractions including Dave & Busters, as well as proposed tourist attractions including the Starboard Enterprises NJ LLC Class 1 and Class 2 Cannabis Business operations. It is on the same block as an approved Wendy's fast food restaurant directly adjacent to the Tanger Outlets.
- The location is within walking distance to the AtlantiCare Regional Medical Center and close to AtlantiCare satellite locations.
- The location is close to both Atlantic Cape Community College and Stockton University Atlantic City campuses.
- The site is within a federally-designated Opportunity Zone.
- There are no known environmental issues on the site.
- The land is currently vacant and an eyesore. The land has been vacant for quite some time without development happening naturally therefore it is a good candidate for a redevelopment plan.

1.6 Intent of the Block 330 Redevelopment Plan

The Block 330 Redevelopment Plan is in Atlantic City's federally-designated Opportunity Zone. Consistent with the goals of the Opportunity Zone, the subject plan will create sustainable economic and environmental benefits to the zone residents and Atlantic City in general. The intent of the Block 300 Redevelopment Plan is to transform the existing vacant lots with increased residential density and create a commercial space for a new business to thrive. The proposed uses will offer several advantages to Atlantic City:

- Return increased tax revenue to the city.
- Reduce city exposure from liability resulting from illegal activities on vacant land.
- Opportunity to capture disposable income from new residential development.
- Increased property values resulting from new construction.
- The creation of temporary construction jobs and permanent commercial jobs.

2.0 Definitions

For the purposes of the Block 330 Redevelopment Plan

- The term 'City' shall refer to the City of Atlantic City, a body corporate and politic, including the Governing Body, elected officials, officers and staff thereof.
- The term 'Redevelopment Entity' shall mean the City of Atlantic City, acting as the implementing entity for the Block 330 Redevelopment Plan in accordance with and under the provisions of N.J.S.A. 40A:12A, et.seq.
- The term 'Redeveloper' shall mean the Corporation, partnership or any other entity named by the Redevelopment Entity as Redeveloper, as defined by N.J.S.A. 40A:12A-3 and having entered or having been chosen to enter into a redeveloper's agreement with the Redevelopment Entity for the purposes of advancing the Block 330 Redevelopment Plan.

3.0 Description of the Project

The following sections describe the physical attributes of the property.

3.1 Location

The Block 330 Redevelopment site is on the north side of the 1800 Block of Arctic Avenue, between Ohio Avenue and Indiana Avenue, with Garfield Avenue to its north. The properties are identified on the Atlantic City tax map as Block 330 Lots 8, 9, 14, 19, 20, 21, 22, and 23. The total approximate land area is 20,999 square feet or 0.48 acre. The properties are currently vacant land with no known environmental issues.

The entry point will be on Arctic Avenue, and the exit point will be on Garfield Avenue thus reducing the risk of vehicular conflict on site as well as along Arctic Avenue.

3.2 Boundaries of the Redevelopment Area

The Block 330 Redevelopment Area is located at the northwestern edge of Atlantic City's Central Business District, northcentral to the federal Opportunity Zone and northeast of the Midtown South Neighborhood. The Block 330 Redevelopment Area is specifically bounded to the north by Garfield Avenue; to the east, it is bounded by the interior lot line 75' west of Indiana Avenue; to the west, it is bounded by the interior lot line 152.03' east of Ohio Avenue and to the south, it is bounded by the property line along Arctic Avenue. The vacant land fronts on Arctic Avenue. See the professional survey on the following page.

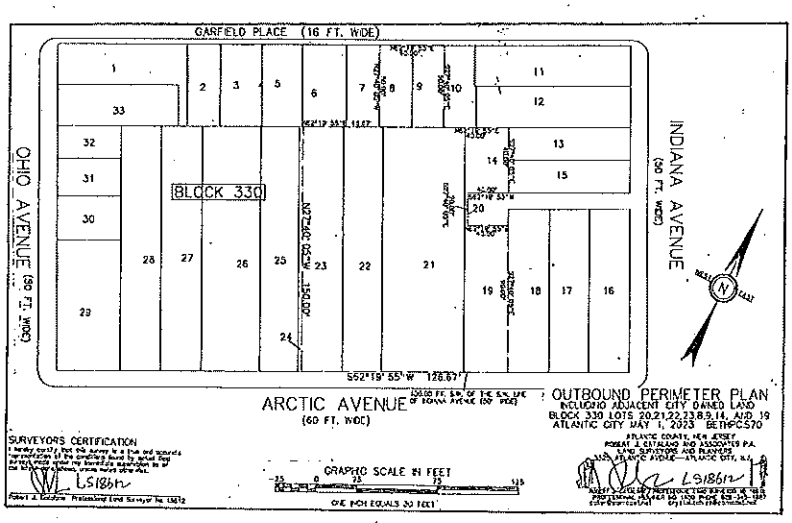

Figure 4 - Professional survey of Block 330 lots 8, 9, 14, 19, 20, 21, 22, and 23

3.3 Descriptions of Parcels

The description of the Redevelopment Entity parcels follows.

3.4 Block 330, Lots 8, 9, 14, 19, 20, 21, 22, and 23 Statement of General Purpose

The purpose of the Block 330 Redevelopment Plan is to encourage economic development through private investment, to redevelop vacant land, build new residential uses, increase area density, create a new commercial space in Atlantic City's Tourism District, help create future economic growth and increase neighborhood walkability.

The redevelopment of Block 330 will allow for the construction of a new mixed-use building on vacant lots, creating new housing and commercial space with site circulation from Arctic Ave to Garfield Ave. The construction of a new building will prevent "land banking" and possibly encourage the entities "land banking" to finally develop. It will create long-term additional tax ratables to Atlantic City. It will also allow the provision of off-street parking for the building to reduce burden on the current residential street parking.

Photo of Block 330, Lots 14 + 19

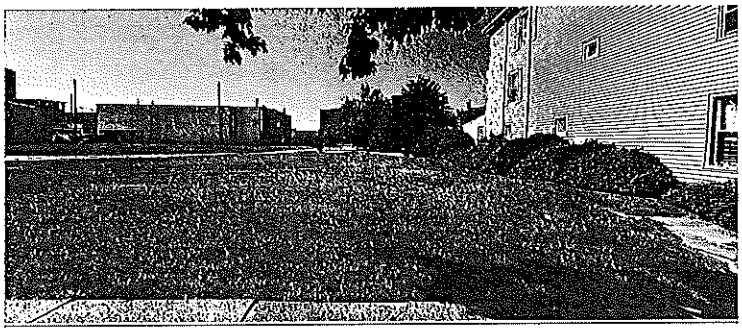

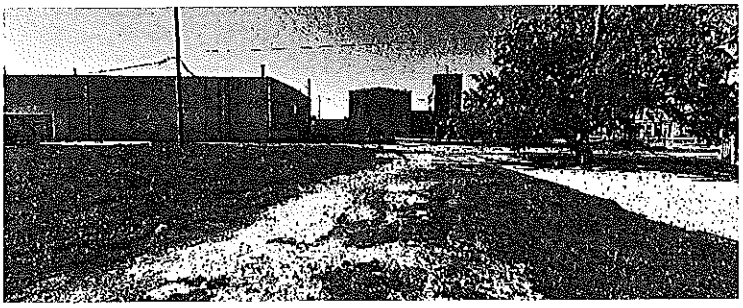

Photo of Block 330, Lots 8 + 9

3.5 Public Policy Goals

The adoption of the Redevelopment Plan will advance the following public policy goals:

- Enhance the vibrancy of the neighborhood with a new construction residential building
- Redevelop a blighted block on Arctic Avenue that is directly next to the Tanger Outlets "The Walk" in the CRDA Tourism District
- Restore vitality and commercial activity to Arctic Avenue

3.6 Redevelopment Plan Objectives

The document constitutes a redevelopment plan under the provisions of the applicable State statutes; specifically, N.J.S.A. 40A:12A-7. In addition to the public policy goals stated earlier, the Redevelopment Plan will achieve such specific objectives as:

- Eliminate public liability from vacant and under-utilized properties.
- Increase neighborhood density and demographics.
- Encourage private investment to the site and stimulate additional private investment in the neighborhood.
- Encourage the opportunity for eco-friendly features.
- Encourage opportunity to create a more walkable neighborhood.

3.7 Types of Proposed Redevelopment Actions

The proposed redevelopment plan for Block 330 includes permitted uses that are consistent with the Central Business District. The utilization of these flexible land use controls will enable the private in-fill to vacant lots, adding needed ratables to Atlantic City tax rolls. Including opportunities for commercial/restaurant space for the neighborhood.

4.0 Land Use Plan

The Redevelopment Plan area shall be governed by the Land Use provisions contained herein.

4.1 Land Use Provisions

Permitted uses in the Central Business District are established to preserve and enhance commercial, financial, retail, and similar activities and services of importance to the existing Central Business District. The district is intended to accommodate a wider variety of commercial uses than any other district.

The purpose of the Central Business District is to provide an array of land uses that will capitalize on the zoning district's geographical advantages and of the zoning district's proximity to transportation, health, entertainment and energy sources. The Central

Business District also offers the highest intensity residential offerings within the Tourism District with a variety of supportive commercial and services uses. The vision is to create an environment where residential and commercial uses can co-exist and stimulate innovation. Permitted uses in the Central Business District include schools, housing, retail, office space, studios and other uses customarily incidental to the principle permitted uses and on the same lot.

4.2 Design Guidelines

Design guidelines for parking landscaping and buffer design standards, line-of-sight triangle shall be consistent with N.J.A.C. 19:66-7.1.

Additional design elements include exterior facades and lighting for both retail/commercial and residential properties. Public space designs should incorporate low maintenance and environmental conservation elements.

4.3 Building Limit Controls

The following regulations, controls and restrictions are designed to provide guidelines for the physical development of the Redevelopment Entity. The City of Atlantic City encourages redevelopment(s) to exercise maximum ingenuity and creativity, consistent with the objectives of CRDA and the Tourism District. Additional controls include the responsible integration of green elements and features to maximize sustainability and affordability.

The controls and regulations governing land use and structural form within the Project Area are designed to promote the redevelopment and objectives of the Block 330 Redevelopment Plan.

The development concept and general design plan for the proposed improvements in the vacant lots in the Redevelopment Entity will be reviewed and approved by the Redevelopment Entity in accordance with the Redeveloper's Agreement.

4.7 Signage

Permitted Signage is subject to the provisions of the N.J.A.C 19:66-5.7 Signs with a modification allowing (3) total wall signs per building façade. This shall include (2) wall signs along the front façade for the mercantile stores and 1 sign for building identification and (2) wall signs (1) for each mercantile space with (1) building identification sign along each of the side facades.

5.0 Standards and Controls of Applicability

5.1 Codes and Regulations

Redeveloper shall comply with all applicable laws, codes, rules and regulations adopted by the City of Atlantic City, in the redevelopment of the Redevelopment Entity. Whenever the codes or regulations contain comparable but less restrictive provisions or requirements than set forth by these Land Use provisions, the standards set forth herein, shall prevail.

5.2 Equal Opportunity

No covenant, lease, agreement, conveyance, or other instrument shall be affected or executed by the Redevelopment Entity or by a Redeveloper (or by any successors in interest) whereby the use of the land in the Project Area is restricted, either by the Redevelopment Entity or the Redeveloper (or by any successors of interest) upon the basis of race, creed, color, ancestry, sex, national origin, family status, sexual preference, disability or religion in the sale, lease or occupancy thereof. The foregoing restrictions as well as the provisions of N.J.S.A. 40:12A-9 shall be supplemented by appropriate covenants or provisions, including local hiring, in the redeveloper's agreement and/or any other disposition instruments as covenants running with the land.

6.0 Other Provisions Necessary to Meet State and Local Requirements

This document constitutes a Redevelopment Plan under the provisions of the applicable State and local requirements, as detailed below:

6.1 Acquisition and Relocation

6.1.1 The Redevelopment Entity does not contemplate the public acquisition of private parcels within the Project Area. Therefore, no public displacement of families, individuals or businesses shall occur in the effectuation of the Redevelopment Plan. Therefore, no Relocation Plan is necessary.

6.1.2 Section 6.1 notwithstanding, the Redevelopment Entity Redevelopment Plan does recognize that parcels within the Project Area may be desirable from a development standpoint. Acquisition of additional parcels and development rights shall be the sole responsibility of the Redeveloper, at his own initiative and expense. Any and all acquisition and/or relocation responsibilities shall be subject to the private negotiations between the Redeveloper and the owner/seller of said properties.

6.2 Local Redevelopment and Housing Law (N.J.S.A. 40:12A) Requirements

6.2.1 Designated 'Area in Need of Redevelopment"

The governing body of the City of Atlantic City did, by Resolution No. 889 of 1994 declare the City of Atlantic City in its entirety, to be an "Area in Need of Rehabilitation", pursuant to N.J.S.A. 40:12a-1 et. seq. Subsequently, the Governing Body reaffirmed said designation for the entire City, by Ordinance No.96 of 1994. The finding of an "Area in Need of Rehabilitation" is requisite for the advancement of a redevelopment plan and or redevelopment project pursuant to N.J.S.A. 40:12A-7.

6.2.2 Redevelopment Plan Content

Pursuant to N.J.S.A. 40:12A-7, the Redevelopment Plan shall include an outline for the planning, development, and redevelopment or rehabilitation of the project area. The Redevelopment Entity Redevelopment Plan addresses these requirements, below:

6.2.2.1 Relationship to definite local objectives

Local objects were identified through review and consideration of local planning documents including the City of Atlantic City 2008 Master Plan, the 2016 Master Plan Reexamination Report, and the 2012 CRDA Tourism Plan. Additionally, a review of the planning history and long-term local objectives factor in and have been reflected in the redevelopment policies and provisions contained in the Redevelopment Entity Redevelopment Plan.

6.2.2.2 Appropriate Land Uses

The proposed redevelopment of the Project Area and the proposed land use are consistent with local planning objectives. The City of Atlantic City's most recent planning document, the 2016 Master Plan Reexamination Report, includes the following statements and objectives:

- "Provide a balance of land uses and development patterns based on traffic generation and density/intensity characteristics while maintaining the character and grid pattern of the community."
- "maintain a compact urban form and growth pattern which provides adequate space to meet housing, employment, business and public service needs."
- "encourage the re-use of vacant lands in the downtown area..."

The adaptive reuse of the Redevelopment Entity into residential and commercial space will meet the objectives of the 2016 Master Plan Reexamination Report. Also, it will meet the recommendations of the 2012 CRDA Tourism Plan.

6.2.2.3 Traffic and Public Transportation

The City of Atlantic City identifies the following objectives relative to traffic and transportation:

- Revitalize or create identifiable pedestrian-oriented neighborhood areas with focal points, mixed-use centers and employment areas that are linked with/to each other.
- The redevelopment plan envisions a low-carbon footprint resulting from proximity to the City's transportation hubs and transit village.
- Minimize impacts of traffic on Atlantic City residents and businesses.
- The Redevelopment Plan does not propose new modes of transportation or new transportation infrastructure within the City, but the Redevelopment Plan does offer a better use of existing transportation infrastructure and transportation options available within the City.

6.2.2.4 Proposed Land-uses and building Requirements in the Project Area

The proposed land uses and building requirements in the Project Area are defined in Section 4 Land Use Plan.

As discussed in Section 6.1 temporary and/or permanent relocation of residents or businesses is neither necessary or proposed.

The Redevelopment Entity anticipates to generate redevelopment activity and increase the economic viability of the corridor, strengthening the local economy. Additional anticipated benefits may include leadership in the integration of eco-friendly standards.

6.2.2.5 Relationship of the Block 330 Redevelopment Plan to the CRDA Tourism Plan and Atlantic County Master Plan

As outlined in Section 6.2 the Block 330 Redevelopment Plan is compatible with the 2012 CRDA Tourism Plan objectives and recommendations. The Block 330 Redevelopment Plan is consistent with the Atlantic County Master Plan in the following areas:

- For new development, encourage attractive and modern design that align with the goals and desires of the communities in which they are built.
- Support Atlantic City's efforts to reinvest in its economic base.
- Encourage municipalities to pursue redevelopment and rehabilitation projects when appropriate.

The Block 330 Redevelopment Plan will achieve all of the above objectives, providing an attractive new residential building, commercial space, and landscaped surface parking on blighted lots.

6.2.3 Requirements of N.J.S.A. 40:12A-7(c)

The redevelopment plan shall describe its relationship to pertinent municipal development regulations as defined in the Municipal Land Use Law, P.L. 1975, c.291 (C 40:55D-1 et. Seq.)

Pursuant to N.J.S.A. 40:12A-13 all applications for development or redevelopment of the Project Area or a designated portion or portions thereof, shall be submitted to the City of Atlantic City Planning Board for Subdivision Plan review in accordance with the provisions of N.J.S.A. 40:55D-1.

6.2.4 Redeveloper's Obligation to Commence and Complete Development

In addition to the provisions of N.J.S.A. 40A:12A-9 the Redeveloper shall be required to commence and complete the development for the uses specified in the Block 330 Redevelopment Plan and the construction of improvements agreed upon in the redeveloper's agreement within a reasonable period of time. The schedule of performance shall be made part of the redeveloper's agreement.

6.3 Rehabilitation and Conservation

No rehabilitation or conservation of structures is required.

6.4 Duration of Provisions and Effective Date

The Block 330 Redevelopment Plan, as it may be amended, will be in effect for a period of two years from the date of adoption of the Block 330 Redevelopment Plan.

6.5 Authority and Plan Implementation

6.5.1 Consistent with Section 4.4 of the Block 330 Redevelopment Plan and pursuant to the provisions to be negotiated, as part of the redeveloper's agreement, the Redevelopment Entity shall approve the development concept and general design plan for all undertakings proposed.

6.5.2 The Redevelopment Entity shall have the authority to determine conformance of a Redeveloper's concept and design to the Redevelopment Plan.

6.5.3 The Redevelopment Entity shall have authority for the interpretation or classification of any provisions of the Redevelopment Entity Redevelopment Plan.

6.6 General Construction and Application of Plan Provisions

All provisions of the Block 330 Redevelopment Plan, including all building controls, regulations and/or restrictions imposed shall be applicable to all real property and improvements within the Redevelopment Entity.

6.7 Procedures for Amending the Approved Redevelopment Plan

6.7.1 The Block 330 Redevelopment Plan may be amended within the timeframe outlined in Section 6.4, upon compliance with all applicable laws and statutes and the Governing Body of the City of Atlantic City. Mutual agreement between the City and the Redeveloper where a redeveloper's agreement is in place, and where such amendment would change the controls governing the use of land under the redeveloper's agreement.

6.7.2 The City of Atlantic City Planning Board may, at the time of the Redevelopment Entity Plan Review and without formal amendment to the Redevelopment Entity Redevelopment Plan, approve any modifications or changes to the building controls

specified herein, provided said modifications are consistent with the applicable provisions specified in P.L. 2011, c.18(C5: 12-218 et.al).

6.7.4 Modifications or Changes in the Land Use or Building Limit Controls which are inconsistent with the intent of the Redevelopment Entity Redevelopment Plan shall require a formal plan amendment.

6.7.5 The Casino Reinvestment Development Authority Land Use hearing board may grant all deviations or variances except variance from the Block 330 Redevelopment Plan.

6.7.6 The Redevelopment Entity supersedes local zoning.

DATE: February 25, 2025

EXECUTIVE SUMMARY

On February 6, 2025, the Casino Reinvestment Development Authority (the "Authority") heard testimony and public comment on the above-subject application. The Applicant, Ducktown Tavern, Inc. (the "Applicant"), seeks Minor Site Plan Approval to permit the construction of a pole-barn garage to provide storage to support the catering business conducted at the existing bar/restaurant facility. Variances pursuant to N.J.S.A. 40:55D-70(c) are required for building coverage, setbacks, impervious coverage and parking.

The Applicant demonstrated by evidence and testimony that the development proposal generally conforms to the site plan standards and technical requirements of the Authority's Tourism District Land Development Rules. In addition, the Applicant demonstrated by evidence and testimony that the grant of the requested variances is warranted. Therefore, for the reasons more fully outlined below, the Hearing Officer recommends that the Application be approved by the Authority.

INTRODUCTION

Application Information

Ducktown Tavern, Inc.
Minor Site Plan Approval with Variances Pursuant to N.J.S.A. 40:55D-70(c)

A hearing on the Application was conducted in accordance with the requirements of the Open Public Meetings Act, the Municipal Land Use Law and P.L. 2011, c. 18.

The Applicant seeks Minor Site Plan Approval to permit the construction of a pole-barn garage to provide storage to support the catering business conducted at the existing bar/restaurant facility. Variances pursuant to N.J.S.A. 40:55D-70(c) are required for building coverage, setbacks, impervious coverage and parking.

FINDINGS OF FACT

The Applicant seeks Minor Site Plan Approval to permit the construction of a pole-barn garage to provide storage to support the catering business conducted at the existing bar/restaurant facility. Variances pursuant to N.J.S.A. 40:55D-70(c) are required for building coverage, setbacks, impervious coverage and parking.

The attorney for the Applicant, Brian Callaghan, Esq., introduced the application generally and provided background regarding the specific relief sought by the Applicant.

The Applicant presented the testimony of John C. Exadaktilos, who is the owner of the property. Mr. Exadaktilos testified that the owner acquired additional lots adjacent to the existing bar/restaurant facility during the Covid-19 pandemic and expanded the operation to include outdoor seating and catering services. He testified that the pole-barn garage will be used for storage associated with the catering business. Items to be stored in the garage include catering boxes, tables, chairs, DJ equipment a beer trailer and vehicles. He testified

that the pole-barn garage will be served by electricity and water, but not sewer and will not have any bathroom facilities. Mr. Exadaktilos testified that gasoline and diesel will not be stored in the pole-barn garage.

The Applicant presented the testimony of Andrew Previti, P.E., who was qualified as an expert in the field of professional engineering. He described the location of the site, existing conditions, site layout and the development proposal. Mr. Previti testified that the Applicant will consolidate the existing lots and newly acquired lots by deed, if this had not already been done.

Mr. Previti testified that the Applicant proposes an approximately 36' by 60' pole barn. He testified that the pole-barn garage will be used for storage associated with the catering business. He noted that most properties in the vicinity exceed coverage requirements and do not provide parking. Mr. Previti testified that no new landscaping is proposed, and that new lighting will be installed around the perimeter of the new structure. In response to questioning by Authority consultants, Mr. Previti agreed on behalf of the Applicant to install planters on the site and conduct a nighttime lighting survey after the improvements are installed.

Mr. Previti testified that the inside bar/restaurant has 95 patron seats and a small kitchen. The outside bar/restaurant has 108 patron seats. He testified that the outdoor facility is seasonal only and that the indoor and outdoor operations are never conducted at the same time. He noted that the original facility had no on-site parking and that 39 on-site parking spaces are now proposed.

Mr. Previti testified that the Applicant seeks the following variances pursuant to N.J.S.A. 40:55D-70(c) to permit:

- Building coverage of 32.6% where a maximum building coverage of 30% is permitted.
- Impervious coverage of 100% where a maximum impervious coverage of 80% is permitted.
- A rear yard setback of 5' where a minimum rear yard setback of 20' is required.
- 39 on-site parking spaces where a minimum of 61 spaces are required.

Mr. Previti testified that the building coverage variance is de minimis and will have minimal visual impact. He opined that impervious coverage variance is an existing condition and consistent with development trends in the vicinity of the site. With respect to the variance for rear yard setback, Mr. Previti testified that most development on the block has no rear yard setback. Moreover, the reduction in setback allows for additional on-site parking. Finally, with respect to the variance for parking, he opined that the development proposal is an improvement over existing conditions and that the site is adequately served by off-site parking in the vicinity.

Mr. Previti testified that the that the approval of the application for development would advance the purposes of the Municipal Land Use Law by promoting the public health, safety and welfare (Purpose A) by providing services and entertainment in the neighborhood and creating a desirable visual environment (Purpose I) by creating an attractive structure the compliments the existing facility design and color. With respect to the negative criteria, Mr. Previti testified that the grant of the variances would not have any substantial detriment to the Tourism District Master Plan or Tourism District Land Development Rules.

David J. Benedetti, P.P., was qualified as an expert in professional planning and provided testimony on behalf of the Authority. Mr. Benedetti testified that the grant of the requested variances is justified and that he supports approval of the Application.

CONCLUSIONS OF LAW

Minor Site Plan Approval

A land use agency's authority in reviewing an application for site plan approval is limited to determining whether the development plan conforms to the zoning ordinance and the applicable provisions of the site plan ordinance. See Pizzo Mantin Group v. Township of Randolph, 137 N.J. 216 (1994).

Here, based on the evidence and testimony, the Applicant has demonstrated that development plan generally conforms to the subdivision standards and technical requirements of the Tourism District Land Development Rules.

Variances Pursuant to N.J.S.A. 40:55D-70(c)

For variances requested pursuant to N.J.S.A. 40:55D-70(c)(2), an applicant must demonstrate through evidence and testimony that the positive and negative criteria of the statutory requirements have been met.

Positive Criteria

The positive criteria for variances requested pursuant to N.J.S.A. 40:55D-70(c)(2) is satisfied if one or more purposes of the Municipal Land Use Law would be advanced by a deviation from the zoning ordinance requirements and the benefits of that deviation would substantially out-weigh any detriment to the public good. Ketcherick v. Bor. Mountain Lakes, 256 N.J. Super. 646 (App. Div. 1992); Green Meadows v. Planning Board, 329 N.J. Super. 12 (App. Div. 2000).

Here, the Applicant seeks the following variances pursuant to N.J.S.A. 40:55D-70(c) to permit:

- Building coverage of 32.6% where a maximum building coverage of 30% is permitted.
- Impervious coverage of 100% where a maximum impervious coverage of 80% is permitted.
- A rear yard setback of 5' where a minimum rear yard setback of 20' is required.
- 39 on-site parking spaces where a minimum of 61 spaces are required.

The approval of the application for development would advance the purposes of the Municipal Land Use Law by promoting the public health, safety and welfare (Purpose A) by providing services and entertainment in the neighborhood and creating a desirable visual environment (Purpose I) by creating an attractive structure the compliments the existing facility design and color.

Negative Criteria

Relief under N.J.S.A. 40:55D-70(c)(2) cannot be granted unless the negative criteria is satisfied. The negative criteria required for all "c" variances is that the requested relief can be granted without substantial detriment to the public good and without substantially impairing the intent and purpose of the Tourism Master Plan and the Tourism District Land Development Rules.

The evidence and testimony demonstrate that the grant of the requested variances will not create any detriment to the public good, and will not substantially impair the purpose and intent of the Tourism District Mast Plan and the Tourism District Land Development Rules.

RECOMMENDATION

For all of the foregoing reasons, the Hearing Officer recommends that the Application for Minor Site Plan Approval with variances pursuant to N.J.S.A. 40:55D-70(c) be approved. The grant of approval of this Application shall be expressly conditioned upon the Applicant complying with all conditions of prior approvals, satisfying all representations made by the Applicant or by others on its behalf during the course of the hearing on this matter before the Hearing Officer and on the ERI report dated 1/30/2025.

The grant of approval shall be further conditioned upon compliance with all applicable requirements of the Tourism District Land Development Rules, city of Atlantic City Ordinances, and the requirements of any City agency, board or authority. Any approval granted in accordance herewith shall be further expressly conditioned upon the Applicant obtaining all other necessary governmental approvals, and compliance with all Federal, State and local laws.

Council Members RANDOLPH present the following resolution:

RESOLUTION, PURSUANT TO N.J.S.A. 40A:12-13(c), AUTHORIZING THE SALE PRICE LIMIT OF SEVEN (7) CITY OWNED REAL PROPERTIES INCLUDED IN THE GARDNER'S BASIN WATERFRONT REDEVELOPMENT PLAN

WHEREAS, the Local Redevelopment and Housing Law set forth in N.J.S.A. 40A:12-1 et. seq. and as amended and supplemented ("Redevelopment Law") provides for the processes by which municipalities participate in the redevelopment and improvement of areas in need of rehabilitation and/or redevelopment; and

WHEREAS, pursuant to N.J.S.A. 40A:12A-1, et. seq. and Resolution No. 889 as adopted by the City Council of the City of Atlantic City ("City Council") on November 23, 1994, the City Council declared the entirety of the City of Atlantic City ("City") as an "Area in Need of Rehabilitation" under the Redevelopment Law; and

WHEREAS, in accordance with N.J.S.A. 52:27BBBB-19(f), the City was declared a blighted area and an area in need of redevelopment; and

WHEREAS, pursuant to N.J.S.A. 40A:12A-7, a Governing Body may adopt, revise or amend a redevelopment plan providing for the redevelopment and improvement of identified areas of the municipality; and

WHEREAS, to facilitate the redevelopment and improvement of the Historic Gardner's Basin Waterfront and the Bungalow Park neighborhood, the City adopted a 2026 redevelopment plan entitled the Gardner's Basin Waterfront Redevelopment Plan which was prepared by ARH Associates as dated February 3, 2026 ("RDP"); and

WHEREAS, the City formally adopted the RDP as Ordinance 22 on May 13, 2026; and

WHEREAS, this Resolution hereby fully references and incorporates Resolution 195 of the City Council as adopted on March 18, 2026 ("Resolution 195") and Resolution 370 herein as adopted on May 13, 2026 by the City Council ("Resolution 370"), and makes both a continuing part of this Resolution herein; and

WHEREAS, by Resolution 195, the City Council designated Transform Development Company LLC ("Transform") as the Conditional Redeveloper of all lands identified in the RDP which subject only to the completion of a Redeveloper Agreement with the City; and

WHEREAS, by effect of Resolution 370, the City already identified the fulfillment of the elements and conditions imposed upon it pursuant to the Redevelopment Law, which are necessary to sell the City-Owned RDP Properties to Transform; and

WHEREAS, by Resolution 370, the City has already approved sale of the City-Owned Properties to Transform without specification of price as now identified in this Resolution; and

WHEREAS, the aforementioned RDP identifies and includes in the redevelopment area, seven (7) properties owned by the City of Atlantic City, with said properties set forth on page 1 of the RDP, and as also more specifically identified by their commonly known addresses and Block & Lot referenced from the official tax maps of the City of Atlantic City, as follows: 417 Carson Avenue (Block 566/Lot 19); 415 Carson Avenue RR (Block 566/Lot 20); 401 Carson Avenue (Block 566/Lot 23); 406 Carson Avenue (Block 566/Lot 26); 406 Carson Avenue RR (Block 566/Lot 27); 416 Carson Avenue (Block 566/Lot 29); and 420 Carson Avenue (Block 566/Lot 31); and with all recited properties hereafter referred to with the term "City-Owned RDP Properties" for purposes of this Resolution; and

WHEREAS, the City and Transform will be executing a Redeveloper Agreement (and/or a Contract of Sale if not managed within the Redeveloper Agreement) which requires specification of the sale price of the City-Owned RDP Properties; and

WHEREAS, all references and rights afforded to Transform by this Resolution continue the determinations by the City that Transform includes any exclusive Special Purpose Entity Affiliate of Transform ("SPE") and/or Urban Renewal Entity ("URE") which Transform may subsequently form to fulfill its obligations imposed by the Redevelopment Agreement, either in part and/or fully, based upon mutual consent that Transform can assign the Redevelopment Agreement to the SPE and/or URE for full and substituted performance; and

WHEREAS, this Resolution expressly recognizes that, by written notice given to the City by Transform, Transform can in its sole discretion and without the need for the City to adopt an amendment to any former Resolutions, can elect to fully assign all of its rights and obligations to Special Purpose Entity which it subsequently forms as necessary for capital financing and/or to an Urban Renewal Entity and/or Entities as necessary to facilitate an application for relief pursuant to the Long-Term Exemption Law, N.J.S.A. 40A:20-1 et. seq ("Tax Exemption Law"); and in the event one or both of these actions are taken by Transform, then and in that event, the City consents that any SPE and/or URE subsequently formed by Transform can supersede Transform as the designated Redeveloper without the need of further approval of the City Council, but rather, can be administered between Transform and the Mayor (or his designee) and Solicitor on behalf of the City; and

WHEREAS, the City-Owned RDP Properties constitute approximately less than one-half (1/2) of an acre of buildable land; and

NOW, THEREFORE, BE IT RESOLVED, that the City Council of the City of Atlantic City, State of New Jersey, hereby agrees, consents, determines and directs as follows:

BE IT FURTHER RESOLVED THAT all of the foregoing "WHEREAS" clauses of this Resolution are hereby fully incorporated and expressly made a part of the text of this Resolution, for the purposes to include but not be limited to, providing enforceable content of this Resolution and context and interpretation related to its formation, enforceability, context, and interpretation. Council Members RANDOLPH present the following Resolution:

RESOLUTION AUTHORIZING THE NEGOTIATION OF A FINANCIAL AGREEMENT WITH MAC CORPORATION, A NEW JERSEY CORPORATION AND A WHOLLY OWNED SUBSIDIARY OF MGM RESORTS INTERNATIONAL

WHEREAS, the Local Redevelopment and Housing Law, N.J.S.A. 40A:12A-1, *et seq.*, as amended and supplemented, provides a process for municipalities to participate in the redevelopment and improvement of areas in need of rehabilitation or redevelopment; and

WHEREAS, pursuant to Resolution No. 889 of 1994 the City Council of Atlantic City declared the entirety of the City of Atlantic City (the "City") as an area in need of rehabilitation; and

WHEREAS, further, in accordance with N.J.S.A. 52:27BBBB-19(f), the entirety of the City was declared a blighted area and an area in need of redevelopment; and

WHEREAS, in May 2019 the City adopted the Marina District Redevelopment Plan by way of Ordinance 14 of 2019; and

WHEREAS, in December 2025, the City adopted an Amended and Restated Marina District Redevelopment Plan (the "Amended Redevelopment Plan") by way of Ordinance 96 of 2025 to allow for additional flexibility by permitting additional land uses including single-family homes, townhomes, and mixed-use developments; and

WHEREAS, the Amended Redevelopment Plan covers an area known as the Huron North Redevelopment Area which includes four parcels identified as Block 576, Lots 1.04, 1.07, and 1.12, and Block 571, Lot 2 (the "Redevelopment Area"); and

WHEREAS, despite decades of zoning changes and other initiatives which were enacted in order to foster development, the Redevelopment Area remains vacant and under-utilized; and

WHEREAS, with the additional flexibility provided by the Amended Redevelopment Plan, the Redevelopment Area is now poised for a variety of different development opportunities; and

WHEREAS, Block 576, Lot 1.04 (the "Project Area") is approximately 70 acres and is located within the Redevelopment Area and is suitable for the types of development permitted in the Amended Redevelopment Plan; and

WHEREAS, MAC CORPORATION, a New Jersey corporation and a wholly owned subsidiary of MGM Resorts International ("MGM") owns the Project Area and desires to see it redeveloped in accordance with the Amended Redevelopment Plan; and

WHEREAS, the development of the Project Area will produce market rate housing and complementary retail/commercial uses leading to a more balanced community, encourage supporting commercial development, stabilize the City tax base, and aid in the revitalization of the City; and

WHEREAS, the City desires to see the Project Area developed due to its potential positive impact on the City, and MGM desires to have the Project Area developed in conjunction with developers in accordance with the Amended Redevelopment Plan; and

WHEREAS, pursuant to N.J.S.A. 40A:20-1, *et seq.*, the Long Term Tax Exemption Law, the City is permitted to grant long term tax exemptions ("Long Term Tax Exemption") in order to incentivize development; and

WHEREAS, due to the high cost of development within the City and the current tax rate, a Long Term Tax Exemption is needed to make the development of the Project Area financially feasible; and

WHEREAS, the City and MGM wish to negotiate the terms of a financial agreement for a Long Term Tax Exemption to incentivize the development of the Redevelopment Area pursuant to the Amended Redevelopment Plan; and

WHEREAS, MGM will work with developers to effectuate the development of the Project Area; and

NOW, THEREFORE, BE IT RESOLVED, that the City and the State of New Jersey pursuant to the State's oversight of the City under the Municipal Stabilization and Recovery Act, P.L.2016, c.4 (C.52:27BBBB-1 et seq.) are hereby authorized to begin negotiations of a financial agreement for the provision of a Long Term Tax Exemption with MGM and any successors or assigns of MGM for the development of the Project Area in accordance with the Amended Redevelopment Plan.
